Part 4: Funeral and Final Wishes

Your preferences for final arrangements

FUNERAL SERVICE DETAILS

Cremation preferred, service at St Nicolas Church in Guildford where we were married. Reception at the rugby club - I was a member for 20 years. No flowers - donations to Cancer Research UK instead. Playing 'You'll Never Walk Alone' at the service is fine (sorry, not sorry).

OBITUARY WISHES

Keep it simple. Mention the children, my years at Global Finance Corp, my love of classic cars and rugby. Don't make it too serious - I'd want people laughing not crying. Maybe mention the time I drove the Jag to William's school and accidentally set off the car alarm during the nativity.

ADDITIONAL WISHES

Sarah, you've been my best friend for 20 years. Please don't rush into any major decisions - take at least a year before selling the house or making big financial moves. James at Hargreaves will look after you. Make sure the kids know I loved them more than anything. And please, let William have the Jag when he's old enough - he's wanted it since he was 10. I love you all.
