BUG DESCRIPTION

Tenants in Common with "Other" Co-Owner Causes Wizard to Exit Where: Onboarding Step 5 > Properties > Ownership step Issue: On the first attempt to add the Manchester BTL property, after selecting Tenants in Common (40%) with an "Other" co-owner (Mike Jones) and clicking the inner "Next" button, the wizard exited entirely and jumped to the Investments tab. The property was NOT saved. On a second attempt with identical data, it worked correctly. Intermittent but data-loss risk.

BUG DESCRIPTION

UX suggestion: — No Cash Accounts Were Added (Skipped Tab) Where: Onboarding Step 5 > Cash tab Issue: The Cash tab was shown during onboarding but there was no clear prompt or encouragement to add savings accounts. The form was empty with just "+ Add Account". For many users, cash savings (current accounts, Cash ISAs, Premium Bonds) are a significant portion of their wealth. A more prominent prompt or auto-suggestions based on profile would help.

EXPECTED BEHAVIOUR

Suggestion: Pre-suggest common account types based on the user's profile (e.g., "Most people your age have an emergency fund — would you like to add one?").

BUG DESCRIPTION

UX Suggestion: — No Spouse View Switcher on Dashboard Where: Dashboard / top navigation Issue: The user dropdown (Brett Isenberg) only shows: Dashboard, User Profile, Risk Profile, Settings, Sign Out. There's no way to switch to view the dashboard as Sarah (the linked spouse). The Net Worth page does show Partner's data, but users can't see Sarah's retirement projections, pension breakdown, or investment details from her perspective.

EXPECTED BEHAVIOUR

Suggestion: Add a "View as Sarah Isenberg" toggle or tab in the main navigation.

BUG DESCRIPTION

UX #Suggestion: — ISA Allowance Tracker Shows 2025/26 Tax Year Where: Onboarding Step 5 > Investments > ISA form Issue: The ISA subscription section references the "£20,000 annual allowance (2025/26)"but when we launch it will be 2026/27 - need to update before launch - all tax year stuff?

EXPECTED BEHAVIOUR

Suggestion: Dynamically calculate the current UK tax year based on today's date.
